Santa Rosa
MEDICAL CENTER
Achieving Quality. Inspiring Care.

March 25, 2009

To Whom It May Concern:

I would like to take this opportunity to express our high level of satisfaction with the services provided by Hospital Housekeeping Systems (HHS).

The cleanliness and overall appearance of the facility have been improved and maintained to our high expectations and we continue to receive positive comments from our patients, visitors and hospital staff. In addition, I would like to make specific mention of Director Tony Jones's abilities. He has provided excellent leadership in the EVS department and hospital. We are glad to have him on our team.

I believe you will find HHS to be a competent and professional organization with proven systems that can be reproduced in any hospital. I would highly recommend HHS. Please feel free to call me if you have any questions.

Sincerely,

Larry Meese,
Chief Executive Officer
