To whom it may concern:

I have been the COO at Santa Rosa Medical Center since October 2009. Since then I have worked closely with Tony Jones, Director of EVS at SRMC.

Our 40 year old facility has required a tremendous amount of detail work in order to improve the overall appearance of our facility. Mr. Jones has been extremely receptive to the specific tasks and projects that have been required of him. He has also proven his dependability by being accessible at all times of the day and during the weekend. I believe that Mr. Jones works hard to ensure that his team follows in his footsteps by having a caring attitude and displaying hard work.

Mr. Jones is a valued member of our leadership team at SRMC. Please feel free to call me with any questions.

Sincerely,

Ricardo Diaz
Chief Operating Officer
