To Whom It May Concern:

Please allow me to offer this letter of recommendation and support for Hospital Housekeeping System (HHS). HHS has managed the housekeeping service at Washington Adventist Hospital since March 2006.

We have been pleased with the cooperation demonstrated by the HHS management staff and their willingness to accommodate our needs and requests as we strive to provide a clean, healthy environment for our patients, visitors, and staff. Since we began partnering with HHS for our housekeeping services, we have received very positive feedback from members of the community, physicians, and patients regarding the cleanliness of our facility.

Sincerely,
